Are you:

_____ Nurse _____ Ophthalmic Tech _____ Surgical Tech

Signature _____ Date _____

The **Ophthalmic Anesthesia Society** is an organization of anesthesiologists, ophthalmologists, and nurse anesthetists and allied health care personnel dedicated to providing the highest quality anesthesia services for ophthalmic surgery. OAS provides education via exchange of ideas, promotes research and advanced study, and is a foundation upon which ophthalmic anesthesia can communicate its interests.

OAS Membership benefits include special priority communications on clinical situations requiring immediate attention; legislative alerts pertaining to ophthalmic anesthesia; a newsletter (3/yr) with clinical and political issue updates; an annual roster of OAS members. But most important, OAS provides you with advocacy that reflects your interest in providing the highest quality ophthalmic anesthesia.

Complete and mail this application with first year's dues of \$50 to:

OAS, 793-A East Foothill Boulevard, #119
San Luis Obispo, CA 93405
